

Patients must be offered to have a chaperone present during sensitive exams (see [UCSF Chaperone Policy](#)). This tip sheet shows how to document the presence or absence of a chaperone. Currently this will be a pilot for *Women's Health MZ, Primary Care CB, GYN ONC MB, and Urology Parn.*

Go to the **Rooming** tab and select Sensitive Exam & Procedure

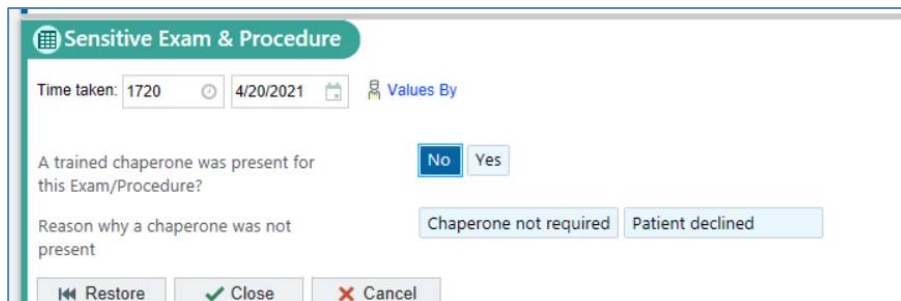

**If Chaperone is present:**

The Sensitive Exam & Procedure section will open. If a Chaperone is present, click **Yes** and enter **person's name**.

**If Chaperone is not present:**

If a Chaperone is not present, click **No** and select **reason why**.

**Viewing Reading in Chart Review:**

Look up the visit encounter and under **Additional Documentation>Flowsheets>Sensitive Exam**.
